Monday Lab Assignmet

1. Write a C program to input any character and check whether it is a number or a alphabet or neither any of those.
2. Write a program to input 4 numbers and print out the largest and the second largest number.
3. Write a program to input a 3 digit number and reverse it. And check if the number is palindrome or not.
4. Write a program to check whether a given year is a leap year or not.
5. Write a C program to input amount from user and print minimum number of notes (Rs. 500, 100, 50, 20, 10, 5, 2, 1) required for the amount. How to the minimum number of notes required for the given amount in C programming.
   Example

   Input Input amount: 575

   Output Total number of notes:

   500: 1

   100: 0

   50: 1

   20: 1

   10: 0

   5: 1

   2: 0

   1: 0

6. Write a C program to find the LCM (Highest Common Factor) of two numbers
7. Write a program to input 2 three digit numbers and swap the middle digits of the number. Example input is 234 and 417 output is 214 and 437.
